

# INTRODUCING FABER BURNER

PROVIDING COMBUSTION SOLUTIONS  
SINCE 1926

**FABER**  
*Burner Company*

Greetings from Faber Burner Company! Faber Burner is one of the oldest industrial combustion companies in the United States. Founded in 1926, we will soon be celebrating our centennial. Many of you know that Faber manufactures world-class combustion equipment and systems for industrial, commercial, and utility markets. But that's not all!

## Did you know we offer...?

- Custom burner solutions (non-catalog approach). Faber handles applications others won't.
- Burners for boilers, heaters, dryers, and furnaces of all types, up to 300 MMBtu/Hr.
- Fast delivery of Forefront burners from 0.5 to 8.0 MMBtu/Hr for air heating, process heaters, incinerators, boilers, and more.
- Burners and components for existing equipment and retrofit applications.
- Single and multi-blade dampers, actuated or manual.
- An extensive inventory of burner-related parts [BURNERPARTSNOW.COM](http://BURNERPARTSNOW.COM)
- Extensive knowledge. With nearly a century of continuous operation, Faber knows a thing or two about a thing or two and we are eager to talk with you about your application.
- **Made in the USA.** All of our products are proudly made in the USA by people who care.

Have a problem or issue? We'd love to help. Give us a call or drop us a line as shown below. Or stop by anytime during business hours. Helping customers is our thing.

### Package Burners

The finest and most comprehensive combustion systems available for boilers, high temperature hot water generators, process furnaces and more.

### Forefront Burners

Heavy-duty and user-friendly industrial gas burners for a vast array of applications that require heating capacities from 500,000 to 8,000,000 BTU/Hr.

### Specialty Burners

Specialty burners to meet application-specific fuel-burning needs. Some examples include start-up burners, air heating, biogas guns, and waste gas guns.

### LXE Burners

Modular industrial burners with unparalleled flexibility and performance. Heat inputs range from 10 to 60 MMBTU/Hr.

### Igniters and Pilots

Gas, Oil or High Energy Spark. Faber Burner Company has a complete line of igniters that provide safe and reliable light off. 20,000 BTU/Hr to 20 MMBTU/Hr.

### Oil Guns

Atomizers with capacities from 2.1 to 200 MMBTU/Hr. Firing conventional and alternative liquid fuels with either steam, air, or mechanical atomization.

### Dampers

Faber offers industrial dampers for high-temperature air or flue gas: Single & Multi-Blade. Standard sizes are always in stock.

### Control Systems

Faber supplies user-friendly comprehensive strategies for the optimal control of combustion equipment. From basic to custom-engineered state-of-the-art systems.

### Pipe Rack Assemblies

Faber's engineered piping systems are designed to safely and accurately control the pressure and flow of any liquid or gas including conventional and alternative fuels, steam, and air.

### Spare Burner Parts

We support what we build. Faber maintains one of the most extensive inventories in the combustion industry. Thousand of items are ready for immediate shipment.

**Providing Combustion Solutions  
Since 1926**
